DETAILED ACTION

Response to Arguments

The applicant's arguments entered on July 10, 2007 have been fully considered. Claims 1-30 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 cites the features "arbitrary encryption key string..." This limitation is vague and indefinite. Claim 19 cites similar limitations and is rejected for at least the same reasons.

Claims 2-18 and 20-30 are dependant upon claims 1 and 19 respectively and are rejected for at least the same reasons.

Allowable Subject Matter

Claim 2-18 and 20-30 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims and the rejection under 35 USC 112..
